Featured Speaker: **Rodrick Reed, brother of death row inmate Rodney Reed**

Hugh Fleisher Memorial Annual Chili Feed March 8, 2020

Alaskans Against the Death Penalty will continue to remember the life of cofounder Hugh Fleisher as his wife, Lanie is once again hosting this wonderful event at her home. AADP will be featuring special speakers Rodrick Reed and his wife Uwana. Rodrick is the brother of Rodney Reed, who case caught the attention and support of millions of people who felt Rodney Reed was wrongfully convicted and actually innocent. Rodney was scheduled to be executed Nov. 20, 2019 but a stay was granted a few days before that. Rodrick and Uwana and his mother carry out successful Campaign For Justice. Rodrick's mother began decades years ago seeking justice for her son's case. This story was so compelling that Dr Phil dedicated two segments to the Rodney Reed story.

The Dr Oz Show also did a segment with about Rodney Reed and Rodrick was his guest.

Democracy Now did a great story a couple of days before the stay.

Rodney is still on death row. Come hear what the death penalty does to victims' families. Please support AADP (<http://aadp.info>) in our efforts to educate society as to why the death penalty policy is unnecessary. Help us promote the voices that need to be heard not only here in Alaska but around the world.
